

The Board of Education recognizes that within the District there are students whose primary language is not English. The Board shall provide appropriate educational and support services for these students to help them acquire English language skills that will enable them to function successfully in an all English classroom and help them meet established academic standards.

The District shall assess the English proficiency and academic progress of English learners (EL) in accordance with legal requirements and established District procedures. The degree of curricular and instructional modification, type of support services and their duration shall be determined individually based on student need.

Decisions regarding the administration of state-required tests to EL students shall be made on a case-by-case basis. Any EL student exempted from taking a state-required test shall be administered an alternative assessment approved by the Department of Public Instruction.

The results of both state-required tests and alternative assessments shall be used consistent with District policies in making instructional, promotion and graduation decisions. Test results may not be used as the sole criterion in re-classifying an EL student from a bilingual-bicultural education program or in determining grade promotion, eligibility for courses or programs, eligibility for graduation or eligibility for participation in postsecondary education opportunities. Exemption of an EL student from taking a state-required test may also not be used as the sole criterion for making such determinations.

Parents and guardians of EL students shall be notified of student testing arrangements and of educational programs and services available to help their children improve their English language skills and academic achievement. These notifications shall be made consistent with legal requirements and in such manner as to ensure that the student's parent or guardian understands them.

Students shall be exited from EL programs or services when they have met the District guidelines and state criteria for English proficiency. Once students have been exited, they shall no longer be tested on their English proficiency or receive state testing accommodations for EL students. Former EL students shall be monitored for two years after exiting the program. If during that time, it is determined that the student was exited from the EL program prematurely, he/she shall be placed back in the program. State reporting of the academic progress of former EL students shall be done in accordance with legal requirements and as required by the DPI.
